## Photography & Videography

### Ali Curzon Photography

*“It was recently pointed out to me that the true beauty of an event photographer is the ability to be everywhere - to capture all those moments that the organiser might miss in the rush of real time. And this is exactly my aim! It suits my personality to blend into the background, to be subtle + unobtrusive in the pursuit of creating lasting memories.”*

Well, we're a bit biased since Ali is one half of the couple who owns the Three Wells Hotel – photography is her passion and her love of it shines through in her work – and even better, all of our couples who get married here at the hotel are gifted a 25% discount on her Wedding Packages.

Also available as a Videographer.
